OFFICIAL RESOLUTION 2025/01

FEMALE SICK THREE COMPETITION AT SUPER BALL 2025

The **World Freestyle Football Association** (WFFA) acknowledges that, on the first day of the **Super Ball World Open 2025** at the **SportsDock** in London, United Kingdom on **August 25th, 2025**, an error occurred in the communication and application of the Rules for the **Female Sick Three** competition.

The WFFA regrets this mistake and extends its apologies to all involved participants. The Association fully recognises the importance of transparency, clarity and consistency in competition management, and takes full responsibility for the confusion caused.

After careful consideration of the case, and once the mistake in the management of the Rules has been taken into account, the Super Ball Judging team has reached the following **resolution**:

- The results of the competition will be **maintained** and **recognised as official**, in order to respect the performances of the athletes who competed in good faith.
- These results will be **enforced** in all relevant records.

The WFFA will conduct a full internal review of its Rules processes to ensure that such errors do not occur again in the future.
